What is the St. Johns River Celebration?

The St. Johns River Celebration is a one-day volunteer cleanup of the St. Johns River and its major tributaries.

The cleanup efforts go beyond the shoreline of the river, spanning the river's entire watershed. The Celebration helps people to understand how the river system is interconnected. What each of us does in one part of the watershed, which is the 12,400 square-mile area from which water drains into the river and its surrounding ecosystems, affects the entire river.

Throughout its watershed and all along the St. Johns River, people work at cleanup sites and help raise awareness of river issues to foster a year-round appreciation of this precious resource - Florida's longest river.

Volunteers under 16 years of age must be accompanied by an adult, those under 18 should be accompanied by an adult.

We ask all volunteers to contribute canned goods for the Green Cove Springs Food Pantry, new socks and underwear for elementary school children for VIA Women's Club GCS, and clean empty aluminum cans for Kans4K9's.
